The following investigation was conducted by SA at Ukiah, California:	b6 b7C
On August 20, 1990, was contacted at the Mendocino Environmental Center, 106 West Standley Street, Ukiah, California at which time she was reminded of the identity of the contacting Agent and the fact that the FBI still wished to interview her regarding her knowledge of the whereabouts of JUDI BARI's car.	2.0
inquired as to whether her attorney, had been in touch with the FBI and she in turn was told that the FBI had been in contact with regarding the possible interview of JUDI BARI and that had stated in a previous discussion that she, was not going to dictate as to who should talk to the FBI and under what circumstances.	ъ7С
again repeated her statement that she was going to wait for word from her attorney before talking to the FBI, at which time the attempted interview was terminated.	b6 b7C

Hemp Awareness Day

HEMP FOR ECOLOGY - Hemp is a soil building plant that is excellent in crop rotation and, unlike cotton and corn, does not require heavy fertilization or pesticide use. In fact, an organic pesticide spray is derived from the plant.

made from hemp are warmer, softer, stronger, more water absorbent and last 26 times longer than cotion.

WHY AS FOOD?

The marijuana hemp seed (which is technically a fruit) is the second-most 'complete'. (has the 8 essential amino acids) segetable protein source on our planet, only soybeans have a bit more protein. However, farmp seed is mony times cheaper and its protein potential can be utilized better than soybean by the human body.

HEMP INSTEAD OF PLASTIC— The stems of the hemp plant offer a completely biodegradable alternative to plastic for many applications or can be made into either regular or "biodegradable" plastic.

MEMP SAVES FORESTS 20 year period, one acre of being will produce as much paper at 4.1 acres of forest.

MEMP FOR PAPER - Paper made from hemp lasts many times longer than that made of wood pulp, without yellowing or otherwise deteriorating. It does not require dangerous chemicals like wood, and has been called the "archivist's perfect paper."

music Teach-in & Festival

Total Devastation

REMP FOR FUEL - Hemp nuros are 77% cellulose and its per-acre output of biomass fuel is about 10 times more than corn, the next best source of the fuel. We could replace wirtually all nuclear energy and fos-all fuel by using hemp biomass that has been processed with a pyrolitic converter to make charcoal to replace coal, methanol and even gasoline to replace oil-based gasoline, methane gas to replace natural gas and any of these can be burned to generate electricity.

The Key Fiber Coalition of Friends

KEY FIBER 1592 Union St. suite 236 Sen Francisco, Calif. 94123 415-9:

at San Francisco/Somoa, California:	ь6 ь7с
on August 13, 1990, for Louisiana Pacific was contacted at his office. terephone number at which time was asked if he had any pictures of a sign taken during a demonstration that may indicate the sign to be similar in writing to the sign left after the bombing of the Louisiana Pacific plant in Cloverdale.	ь6 ь7с
advised that he had looked for pictures of the sign which he recalls was similar to that recovered in Cloverdale and that he in fact had obtained a sign from the truck of one of the demonstrators and furnished it to the Deputies of the Humboldt County Sheriff's Office to be retained as evidence. It is understanding that the sign was subsequently inadvertently discarded after the demonstration and is not available for review.	ъ6 ъ7с
and furnished a copy to the Oakland Police Department. stated further that any and all threat at the Humbolt County Sheriff's Office, care of telephone number	ъ6 ъ7с
On 8/13/90, an attempt to contact Lieutenant determined is on vacation until 8/20/90.	b6 b7С

ь6 ь7с

1744-8F-90788-13-41

The following investigation was conducted by SA at San Francisco/Somga, California:
On 8/13/90, Louisiana Pacific was telephonically contacted at which time he was asked if his office had acquired photographs from previous demonstrations conducted at the various Louisiana Pacific facilities.
stated that he in fact did have some photographs and would be willing to make those available to the FBI in San Francisco.
It was agreed that would mail to the San Francisco Office the photographs in his possession via registered mail and that the FBI would copy any relevant photographs and return same to him post haste.
stated further that any and all flyers and correspondence that Louisiana Pacific has received have been forwarded to the Humboldt County Sheriff's Office care of Lieutenant
The following investigation was conducted by SA at San Francisco/Eureka:
On 8/16/90, Detectives were contacted at the Humboldt County Sheriff's Office, Eureka, California, via telephone number at which time they advised that they did have in their possession numerous correspondence, flyers and the like which they have been collecting during various demonstrations, etc. The Humboldt County Sheriff would make these available to the FBI.
In passing, the Detectives advised that the Seeds of Peace, and specifically one is planning to organize a large demonstration later in the month of August to emphasize the goals of Earth First. It was reported that tree spiking has increased considerably in the Humboldt County area during the last two weeks, and it is felt by many that the previous tactics of the environmentalists have not worked and that they are getting frustrated.
In addition, information has been received that members of the Earth First in the tri-state area, believed to mean Washington, Oregon, California and possibly Arizona are planning to travel to the North Coast and attempt to take over Earth First activities as they feel the local leadership is not doing enough.

The following investigation was conducted by SA at Eureka, California: On 8/9/90, while reviewing Letters to the Editor of the Eureka Times Standard newspapers, report reviewed the Lord's Avenger letter, after which he furnished the following observations: stated that it appeared to him that who ever wrote the Lord's Avenger letter may have had a strong religious upbringing as a kid and has since broken away from his organized church and followed a new faith. He added that the letter was similar to "things" found in Utah, such as religious tracts (pamphlets). He added that he did not mean that the letter was necessarily Mormon, but that it reminded him of material frequently found in Utah. the Times Standard made the observation that the letter was well written and not something he would expect to find coming from the timber industry. also made the observation that to bomb someone was out of character for the North Coast in that many of the truckers/ loggers often carry rifles in their pickups and if they were going to harm JUDI BARI they would in all likelihood have just shot her.

Problems addressed - 14 pl.

California Department of Forestry Regional Headquarters P.O. Bex 670 Santa Rosa, CA 95402

Gontlomot. To The Editor:
here son the Department of Forestry in

We are writing you regarding Timber Harvest Plan THP 1-90-526

July 60 by Barnum Timber Company for "223 acres of clearcutting, rehabilitation on Curly Cow Creek" in Mendocino County, California.

We are neighbors to this proposed THP and we are very much against this plan. We challenge you to have a complete, cumulative EIR and study completed on this entire area surrounding Sherwood Peak, which is the watershed for the Ten Mile River tributory system, a major salmon spawning area.

We feel that a number of problems are not being adequately addressed by your Department with several THP's you have already approved for this area and that are now being cut on land owned by Louisiana-Pacific, Georgia-Pacific and private land owners.

The constant annotance from noise, pollution and a real danger from fast lumber trucks on the small Sherwood doad has been severe for us this summer and last. Sherwood Road seems to be the only access road to this entire watershed area.

Mendocino County has spent thousands of dollars this year alone on road repairs to the new chip seal on Sherwood Road. County workers have told me personally that the trucks are overloaded and this is what is causing the heavy road damage.

Clearcutting is no way to manage our forests. This logging process leaves too much open soil bare to the hot summer sun, a highly unfavorable

(more)

condition for new plant growth. Erosion into the local streams is much werse and this spells disaster for spawning salmon and the local fishing industry.

It has been established by the Mendocine County Forest Advisory Committee, appointed by the County Board of Supervisors to study the timber issue, and the recent FRRAP report that Mendocino County is currently being overcut 3 times growth (or 320%) for sustained yellid. To allow another clearcut in this county is an outrage.

Hew can you call this THP "rehabilitation on Curly Cow Creek"? Rehabilitation would mean leaving this area alone to regenerate from past timber harvesting.

This type of forest management leads to the problems we now face in the local timber industry. Problems of overcutting that lead to job losses, forest cover losses, oxygen losses, droughts and air and water pollution.

Statistics compiled by the FRRAP show that "overcutting by the major timber corporations have created a crisis which gravely threatens the viability of the timber industry".

County, a county whose economy is based on the timber industry, going bankrupt? Why are our timber workers looking at recently closed mills and lew wages? Why are Louisiana-Pacific and Jeorgia-Pacific making record high profits the past few years at our's and the forests expense? Why are we facing a drought in Northern California? Why are you approving so many THP's?

We feel that these problems must be adequately addressed and solved by your Bepartment before any more cutting is allowed in Mendocino County.

Sherwood Valley Advertisor;

The Willits News

Restore Sunds > 5H-Outers - Ed

EDITOR, The Willits News Willits, CA 95490
To the Editor:

The following letter has been sent to Senator Barry
Keene and (and others) to enlist their
aid to forestall damaging cuts in the Court and Community
School programs in every school district in the County. We
hope that others who value continuation of the program would
pen a brief letter in support of continued full funding of
these programs.

On behalf of the Board of Directors of the 27th District PTA (Mendocino and Lake Counties) I am voicing strong opposition to the part of the Governor's budget that would seriously reduce Court and Community School funding (line .item 6110-106-001, sections 4, 5, 6 and 7).

I appreciate the need to find ways of dealing with the expected deficit, but surely there are less costly says of cutting back. I remind you that Court and Community Schools are our first line of defense against increasing numbers of alienated, troubled youth who often grow into destructive, costly burdens upon our society and economy. Failure to deal effectively with these youngsters may well be the greates threat to the stability of our society in the not-so-distant future.

In Mendocino County we know that our Court and Community Schools are working. According to figures provided by the Mendocino County Office of Education:

- ... the dropout rate in Mendocino County has been reduced by 30% below state average;
- ·Luvenile arrest rates have been reduced in our county by 156 from 1987 to 1988;
- . In 1987, more than 90% of 601 (status offenders)

 The system after leaving their community-based program; and
- . Inrollment in the 602 (on probation) program has dropped 25%) in less than a year.

So, in the interests of the future well-being of all of us, please seriously weigh the real costs of "saving money" at the expense of programs designed to lessen one of our greatest social problems.

Please act to restore those funds.

I asked the unidentified female of any structures that are on property. She advised me that there is a metal storage building on the property near the road. Going up the driveway, there is a plywood structure that she described as a shed that has a slight pitch to the roof. She believes the size of the building to be approximately 8' X 16'. In the same area of the shed is what she believes to be a cabover camper that is sitting on the ground.

She advised me that there is a chain across the driveway.

On 5/18/87, at 1400 hours, contact was made with California, at He advised me that he had some friends who lived on Cameron Road who were extremely upset about the spiking incident. believed that a possible suspect in the case was
about the incident. He stated that he had actually been on the property belonging to and found that approximately twenty trees had nails in them. Arrangements have been made to meet with on 5/19/87, during the a.m. hours.

with the logging operation that was in progress in the Cameron Road area. b6 The only name that would give to me as having any b7c information was [with a message phone of stated that this was the only person whose name he could remember. He stated that all other conversations that he had with people in the Elk area were just basically in passing, at locations such as the Post Office. b6 stated that I should contact who is an bac employee of the California Department of Forestry. stated that had some information on some tree spiking that went on in the Caspar area several years ago. On 5/18/87, at approximately 1630 hours, I received a telephone call from Detective b6 of the Orange County Sheriff's Department. b7C who had been requested earlier by me to obtain any and all information about advised that the Midway City address is actually a Post Uffice Box. He stated that in checking with Post Office personnel, there were three addresses given as far as an actual residential address. address was which is in San Bernardino County. The second address was The last address was in Huntington Beach. stated that the second and third addresses given were not good at this time, and that he and his partner had checked out both of those residences. The first address in Apple Valley appears to be that of **b6** further related that upon running apparent wife b7C through DMV records, an address of in Costa Mesa was obtained. I advised that this was the same address that was located in the Mendocino County Assessor's Office for the taxes to be sent for a piece of property that is apparently owned by the in this area. stated that he would continue to attempt to locate for a physical address. On 5/19/87, at approximately 0800 hours, contact was made with **b**6 representatives of Louisiana accompanied myself and Sgt. b7C Pacific. the Cameron Road area where contact was to be made with who is currently operating a logging operation Also intended to be contacted was area. is the owner of the property adjacent to who property At approximately 1000 hours, contact was made with b6 at one of the log landings on Cameron Road. Also in attendance b7C at the meeting was [from the Mendocino County District Attorney's Office.

Reported by Deputy

b6

b7C

from approximately early January, including and up to the date that we contacted him at the scene. He further related that he has only been using the number thirteen, that was observed on the log end which was at the Cloverdale Mill where the employee was injured, on the Cameron Road project since he has been there.	b6 b7C
advised that he is reasonably sure that the log in question came from either the log landing where we were currently standing or the one that is located on the south side of Cameron Road near the residence.	b6 b7C
Further conversation of revolved around the incident in which a dead dog was located on a piece of his equipment on the log landing some months prior. He stated that a dog that appeared to have been shot in the head with a small caliber shotgun, possibly of the .410 caliber, was partially skinned and gutted out. He stated that he had reported this incident to the Sheriff's Office and had talked with Deputy from the South Coast area. was not exactly sure as to the date that this incident occurred, but believed it to be either in January or March.	b6 b7С
Contact was then made with I had talked with earlier, at which time he indicated to me that he had friends who lived on Cameron Road by the name of talked with him and were concerned about the tree spiking incident. advised me in person on 5/19/87, that he had personally been on property approximately three times, at which time he had observed approximately twenty trees that had nails pounded into them. stated that he wanted to show us the trees on property. I advised that we were unable to go on the property without a search warrant.	b6 b7С
along with Louisiana Pacific officials, myself, and Sgt. went onto Louisiana Pacific property which borders the West edge of property. From a vantage point at that location near boundaries of the Louisiana Pacific and property, I was able to see what appeared to be nails partially hammered into the trees along the edge of property.	b6 b7С
On 5/19/87, at 1120 hours, contact was made with at their residence located at California. A taped interview was taken with this statement he relates, in part, that he does know and has talked with him on several occasions. He advised that owned the property located basically to the west of his property.	b6 b7C
In December of 1986, was at residence around Christmas time. During this period of time, had borrowed a hammer from for the purpose of putting nails into	b6 b7С

Reported by Deputy

trees on his property. further advised that he personally observed putting nails into his trees. stated that he went down and talked with as he was putting the nails in the trees, and advised him that he did not think that it was a good idea for him to do this.	7 **
also advised me that had been at his residence in March of this year with a female subject whose name he cannot remember. [Refer to transcript of taped statement of for details.]	ь6 ь7с
I then spoke with at which time a partial taped statement was taken. [Refer to transcript of taped statement of for details.]	ь6 ь7С
It should be noted that at the end of the interview, asked if the tape recorder could be turned off. I advised her that it could be. It was at this time that she told me that she had promised her husband that she would not tell me the fact that she had observed walking up Cameron Road from his residence towards the direction of the logging decks. She stated that he had a backpack on his back and had already passed one of the logging decks. He was nearing the second log deck when she observed him. She stated that she did not know what was in his backpack. She stated that she did not continue to watch	b6 b7С
On 5/19/87, at 1518 hours, I was contacted by of the Orange County Sheriff's Office. stated that he has been unable to locate any residence for in the Orange County area. He stated that he is almost certain that the Apple Valley address is the address of parents. The address is located at and is owned by a	b6 b7С
further related that upon running driver's license through DMV, he found that as of 5/18/87 she lists her address as in Costa Mesa. This confirms the address that was located for her at the Mendocino County Assessor's Office. stated that he has not attempted to make contact with	ь6 ь7С
stated that Post Office officials in Midway City had promised to call the Sheriff's Office when picks up his mail. They advised that the subject usually comes to the Post Office once a week to pick up the mail.	ь6 ь7С
On 5/19/87, at 1545 hours. I attempted to obtain a telephone listing for at the Costa Mesa address, with negative results.	ь6 ь7с
At 1730 hours, I contacted the Sea Cottage Real Estate Company in Mendocino. The sign that I had observed at the property on Cameron Road was from this Real Estate Company.	ъ6 ъ7С
orted by Deputy Page 4 of 8	

Page 4 of 8

Upon speaking with an employee at the Real Estate Office. I was supplied with a phone number for	
At 1745 hours, I made a telephone call to This telephone was taped, and a typed transcript of the call will be provided. I advised that I was investigating a situation in Mendocino County and needed to speak with her exhusband, advised me that he is currently renting a room with a woman that she would identify only as and supplied a phone number of stated that she has just changed her name to and that she and have been stated that is currently working as a at some least the first currently working as a and at some least the is currently working as a and and is currently working as a	b6 b70 b6 b70
At approximately 1815 hours, I made contact with Telephone Security in San Francisco. I advised them of the telephone number and requested a check of the number so that I could obtain a complete name and address for the person that the number is registered to. I was advised by Telephone Security that the number is listed to a with an address of in Costa Mesa.	b6 b70
On 5/20/87, at approximately 1630 hours, I arrived in Orange County and was met by Orange County Sheriff's We had prior information that where Orange County Officials took custody without incident on these charges.	b6 b70
On 5/20/87, at 1757 hours. I initiated an interview with California. confirmed that he is basically "crashing" at residence. He stated that he is not living there. He stated that all of his belongings are in his vehicle, located in front of residence.	b6 b70
In an interview that was videotaped, as well as tape recorded, was advised of his Constitutional rights per Miranda, which he stated that he understood. He agreed to waive his rights and give me a statement regarding the tree spiking incident in Mendocino County.	b6 b70
stated that he had spiked about seventeen of his own trees with sixteen penny nails. He stated that these trees were located on the east side of the west boundary of his property. He denied ever spiking any trees outside of those on his property. He also denied using any nails that I described as spikes, approximately eleven inches in length.	b6 b70

•		
	was extremely difficult to keep on point relating to the spiking incident. He appeared to be attempting to lure the conversation away from the spiking to other unrelated matters. During the interview, drew a rough diagram of his property showing the location where he spiked the trees. This diagram was drawn on a piece of notepaper supplied by this officer. The interview ended at approximately 1919 hours. [Refer to the video and audio tapes of interview with for further details.]	b€ b7
	After the interview with at approximately 1830 hours, prior to being booked into the Orange County Jail on the charges from that County, I asked if he would submit to a polygraph regarding the spiking of trees outside of his property that could have caused the injury to the Louisiana Pacific employee. He stated that he would be happy to take a polygraph. I advised him that he did not have to take a polygraph, that it is his right to refuse it, and that it could not be used against him. He again stated that he would take the polygraph.	b6 b7
	With this information, contact was made with Costa Mesa Police Department, at which time Sgt. advised that he would perform the polygraph test on for us.	b6 b7
i.	It should be noted that while the initial interview of was being conducted, I asked him for permission to search his vehicle which was located at the Presidio Drive address. He advised me that he would allow the search of his vehicle. I told him that he did not have to submit his vehicle to a search. He again stated that he had no problem with me searching his vehicle. I advised that the only items that we would be searching for would be items that related to the case of the tree spiking in Mendocino County, which included any nails or large spikes, hammer, or any literature that could possibly relate to instructions on tree spiking.	b6 b7
	was transported to the Costa Mesa Police Department where he met with Sgt. I briefed on the case, and then he began his interview with	ь6 ь7
	with permission to search vehicle, Detective and myself went to the Presidio Drive address at 2100 hours. A search of the vehicle was made, with no items of evidentiary value being located. Entry into the car was made with the use of the two keys that had been supplied to me by The search lasted from approximately 2100 hours to 2145 hours. The vehicle was locked prior to our departure and the keys were eventually returned to when he was booked into the Orange County Jail on their charges.	b6 b7
	At 2150 hours, contact was made who apparently is now in Costa Mesa. It was at this time that a signed permission to search form was reviewed by her and signed, allowing the search of her property located at	b€ b7

	After the form was signed by returned to the Costa Mesa Police Department to await the	b6 b7С
	At 2400 hours, Sgt. advised me that had failed the polygraph examination. The two questions in particular that showed deception were as follows: 1) Did you spike the logs at the log deck on Cameron Road? and 2) Did you spike any trees outside of your property? Sgt. advised that there was no doubt in his mind that was being deceptive when	ъ6 ъ7С
	answering these two questions.	
	At approximately 0030 hours, I re-contacted and advised him of the polygraph results. He stated that at no time was he lying, nor did he have any large spikes, as had been previously described, in his possession. stated that he had borrowed a red handled hammer from in December. He stated that he could not remember if he discussed spiking the trees with or and he denied showing any spikes to either of them.	ъ6 ъ7С
	Rossi's Hardware Store in Fort Bragg in December. He stated that he purchased the nails there for the purpose of spiking the trees on his property only. He stated that he did not purchase any large nails in Fort Bragg.	ь6 ь7с
	that I wasn't suggesting that he had purchased the spikes in Fort Bragg, but that it could be possible that he may have brought them up from the Southern California area. At that point he appeared to suddenly remember, stating that he did now remember that he had purchased some long spikes about eleven inches in length in 1985, just after he and his wife had purchased the property on Cameron Road. He stated that the reason for purchasing the spikes was so that he could take them to Mendocino County and lay out a grid on the ground so he would be able to determine where he wanted to build a home. prior to this statement, made the comment "Oh, you've jogged my memory. I remember now."	ь6 ь7С
	was not clear as to whether or not he had left the spikes in the plywood structure on his property on Cameron Road or if he had taken them back to Southern California. stated that he knows for certain that on his last trip to Mendocino County, the spikes were not at the plywood structure on his property. I asked him if somebody could have gone into the structure, either by breaking in or for the purpose of borrowing the spikes. He then stated that the plywood structure had been broken into earlier, and it was possible that whoever broke into the structure took the spikes.	ъ6 ъ7с
Γ	then stated that say as a	b 6
	then stated that for all he knew the person responsible for spiking the trees. is closer to the environment than he is himself, and has been very upset over the logging operations in the area.	b7C

PHYSICAL EVIDENCE EXAMINATION REPORT

TYPE OF CASE 593a P.C.	REQUESTING AGENCY Mendocino County Sheriff				
SUBJECT (V)					
EXHIBITS RECEIVED FROM Mendocino County Sheriff	DATE 06-05-87	TIME 1150 HOURS			
METHOD OF TRANSIT In Person					

This is a report concerning physical evidence examinations requested by your office. In any future correspondence regarding this case please use the BFS case number appearing at the top of this report. If court testimony is required, please notify this office at least two weeks in advance whenever possible.

SUMMARY:

Results are inconclusive whether any of the submitted hammers struck the submitted spike. The hammer head striking surfaces are smooth and do not produce markings of comparison value.

Item 1: Six (6) pieces of a large spike.

10: A 16 ounce Plumb hammer.

206: An Estwing "Safe-T-Shape" hammer.

216: A 13 ounce Stanley hammer.

Visual and microscopic examination of the spike's head found course and fine striations, rust, recent gouges, and indentations.

Examination of each hammer's head found random microscopic scratches and some indentations on otherwise smooth surfaces.

Laboratory tests were conducted using similar spikes and striking them with the submitted hammers. Examinations of the test spikes did not show the presence of any markings of comparison value.

DISPOSITION:

The evidence was returned to	Det.	on .	June	11,	1987.
Date of Report: June 11, 1987	Examinations by:

Because we are appalled about and sincerely regret the accident that injured L-P mill worker, and because we want to avoid, if at all possible, such a thing ever happening again, we want to issue this notice to all loggers and mill-workers that any and all areas where trees are being logged may, in fact, have been subject to spiking. Please be aware of this fact, and be careful. Insist that your employers take the utmost care and precautions to insure your safety.

Trees spiked by environmentalists will have been anonymously brought to the attention of your employers, the media and other authorities, and will be marked with an 'S', but theessmay be spiked by careless and less responsible people, with no notice given; and it is this we wish to warn you against. Trees may have been spiked with a ceramic material not detectable by a metal detector.

So, PLEASE, use caution and INSIST that your employers do do too.

We are concerned for your welfare and your safety.

WE DO CARELLILL

(For obvious reasons, we cannot sign this letter....but feel an urgent need to issue this notice. An utter sense of frustration with Timber Companies' total lack of regard for the environment is leading people to take measures to attempt to stop the massacre of the forests that . is occurring, that is also jeopardizing the future of employment for loggers and mill workers. But we want to also try to guard the safety of the timber company employees!!!)

The following investigation was conducted by SA at San Francisco, California: In response to a call previously placed a certified envelope was received from International Woodworkers of America, 430 East Redwood Avenue, Fort Bragg, California 95437.	ь6 ь7С
The envelope contained two documents, one a 12 page sporadically typed nonsensical document and the second, an envelope postmarked August 6, 1990, at Fort Bragg, California to the Georgia Pacific Corporation, Attention: with an enclosed personal note to from someone claiming to be a friend. Xerox copies of the above mentioned documents are attached herewith to this report.	b6 b7C
Note 2 Diriginales referred to pur his request.	ь6 ь7с

e letter, nestly typed and ally sprinkled with Biblical m was addressed to Geniella delivered to his Uklah office ae postal pervice Wednesday

bore no return address and postmarked Tuesday out of the a Bay regional mail facility in luma. That postmark is placed all letiers mailed in an area a Sausalito to Eureka, a Postal ide spokesman said Wednas-

skiand police my Barl and mey were knowingly carrying hamb when it blew up incide car on the morning of May 24. the Alameda County district mey on Tuesday refused to file ges against the two Earth Firstl eace had been complled to sort a case. Prosecutor Chris senter said charges may be tim a few weeks.

Mr FBI, which is investigating g with Oakland police, on mesday refused to comment on latter's authenticity

oma County Sheriff's Departd bomb expert Larry Sheets some details in the seller ch what was left of a bomb that fally detonated May 3 al the Asiana-Pacific mill in Clover-

Steve Donahue of the FBI's Santa Rosa bureau puts bomb letter into an evidence bag 3.0 .'22

bomb has never been disclosed.

The rambling letter's first page's describes the writer's anger at Barl, which was spawned in late int when she and other activists staged & counter-demonstration agninst anti-abortion advocates outside of a Ukiah abortion clinic.

"This woman is possessed of the Devil," the writer says. "The Lord cleared my vision and revealed this unto me outside the Baby-Killing Clinic when Judi Bari smote with Satan's words the humble and Faithful servants of the Lord who had come there to make wilness againsi Abertton.

After the abortion rally, Bari again came to the attention of the writer with her campaign against logging on the North Coast, the letter says. Bari is a leader in the Redwood Summer, a planned se-ries of demonstrations and civil disobedience aimed at slowing the pace of logging in timber country.

"This possessed demon Judi Bari spread her Poison in tall the Multitude that trees were not God's multitude that trees were not God's
gift to Man but that frees were
themselves gods and it was a Sin to
cut them," he writes. "I fell the
Power of the Lord slir within my
licart and I knew I had been
Chosen to sirike down this Demon.".

He said he planted a bomb outside the Cloverdale mill "to

bring infamy down on Judi Bari."
The feller describes the pipe

bomb's construction and its container in great detail, down to the ratio of gas and oil contained in a can that was meant to start a fire. But the can did not ignite when the bomb exploded.

"With this sign the Lord told me to Use not Indirection." So the next

bomb was targeted directly at Bari.
The writer states that the pomp was placed in Barl's car "whilst she was at the meeting with the log-gers." Barl and other Redwood Summer activists have been meeting for a month with independent timber and logging representatives in an effort to lay out pround rules for a peaceful summer. On May 22, two nights before slie, was injured. Barl and others gathered in an unpublicized meeting at Dan's Frontier Room in Willits to discus how loggers and environmentalists could peacefully co-exist in the

But it did not Explode!" The letter states. Bari and savarul others at that Tuesday meeting drove to her house in Redwood Valley after the session. On Wednesday, she drove with folk singer Uiah Phillips to Oakland, where another Redwood Summer planning meeting was held Wednesday night at the Seeds of Peace house. She drove from there to a friend's home to spend Wednesday night.

Then, on Thursday morning, she and Cherney got in the car to leave

"....If you Heed not this Warnin and so into the forests to do Satan' Bidding surely you will Suffer th Punishment of demon Judi Bari."

Oakland police did not retur phone calls regarding the lette and FB! agent Rikes was cautiou not to make any assessment of it.

"Until we look at it, there is no way we are going to comment on : pending investigation," he mir is all kinds of finger-pointing goin on. You have a bomb go off in a cuin Cakland and you don't know a the time whether the people in th ear are the transporters or th victims. We have to look at bot sides of this."

Sonoma County sheriff's officia' quoted the FBI last week as soyir it might want to examine the but local officials said feder; agents had made so further cotact. While much of that bomb we destroyed, Sheets said some of the parts that remain match what : described in the letter.

The Press Democrat agreed t the FBI's request that details abou the bombs not be published unt the agency has analyzed its phys cal evidence. Because those detail may be known only to the perso who built the bombs, the informtion may be crucial to the investig-

Or, the details included in the letter "could be taken straight a of The Anarchist's Cookbook, Rikes and He mid investigato have not yet analyzed the hundres of pounds of evidence collecte from the blast scene, and until the the construction of the bomb car not be determined.

An agent from the Santa Ro-FBI office drove to Ukish Wedne day afternoon and picked up ti setter.

Be Willing to understand Understanding

- is the gift that comes from listening

- is asking questions rather than knowing the answer

- allows differences to fade and similarities to come forth

- Naturally action ledges and appreciates the other

- moves from issue to vision

- Creates movement from stalemente to resolution

"A friend who is a fraid to some forth" and sign his signature

VICE STREET, ALCOHOLD BY

1 of Earth First! pair suspected of transporting bomb bailed out

Group hires private detective to try to clear injured two

By Elizabeth Formandez d Bill Boldenwock

OAKLAND - Durryl Cherney, the anvisammental activist injured is a bomb explosion last Thursday and later arrested on suspicion of carrying explosives, has been freed from Oakland city jail on \$100,000

Meanwhile, a private detective has been brought in by Earth First! in hopes of clearing Cherney and Judi Bani, two leaders of the radical environmental group who are under suspicion of carrying the pipe bomb that detonated in their car

Officials at the jail said Cherney was bailed out at 9.15 pm. Monday, but refused to give further details.

Friends of Cherney and Bari, who was seriously injured in the explosion, had been working furiously since Cherney was booked Thursday night to raise the bail money, but whether they put up eash bail or paid 10 percent for a bail bond wasn't immediately

The bomb exploded Thursday in a car driven by Bari, 40, an otspoken Earth First! member. She and passenger Cherney, 33, were reportedly driving to Santa Cruz to rally support for a summer campaign to stop the cutting of

Assault a flag burner in Louisiana, pay \$25

BATON ROUGE, La. - The Louisiana House approved legisla-tion Monday that would dramatically lessen the penalties for a per-aon convicted of assaulting aome-ane who desecrates the U.S. flag.

Under the bill, a person convicted of simple battery against a fiag burner would pay a maximum fine of \$25 without being sentenced to prison.

old-growth timber in Northern California.

Both Bari and Cherney were infured in the blast near Oakland High School. They were booked for investigation of wiolating state explosives laws.

. Alameda County suthorities said Tuesday they had not finished reviewing evidence against Cher-ney and Bari to determine whether ernal charges will be filed against

Assistant District Attorney Chris Carpenter said, "We want to wait for results of additional laboratory tests before taking further appropriate action.

Carpenter said the lab tests could take as long as two weeks to complete. Attorneys for Cherney and Beri weren't available for comment on the new delay.

Bari is still in stable condition at Highland Hospital with pelvic and

Defenders of Bari and Cherney have adamently insisted that the two Earth Firstl leaders were innocent victims of the car bomb.

On Saturday, private investigator Sheils O'Donnel was hired on the recommendation of Greenpeace, another environmental group. Greenpeace will pay the investigator's fees, said Mike Roselle, a co-founder of Earth First!

"We're worried about the destruction of evidence," Roselle said Monday. "They (police) are looking for evidence that would would find them innocent. That's why we have to have this investigation monitored."

Authorities have said the bomb was placed in the back seat of Ban's white Subaru directly behind the driver's seat and under a guitar case and other luggage.

Operating room sheets catch fire, patient dies

Thick smoke foils attempts to put out sudden blaze

By Michael Fleeman

LOS ANGELES - A patient undergoing surgery died Monday after sheets covering her caught fire and filled the UCLA Medical Center operating room with smoke so thick that staff members couldn't extinguish the flames.

Investigators were looking for the cause of the 5:30 a.m. fire on the lower level of the aprawling hospital, said city Fire Department spokesman Pat Marck.

"The sheets just caught on fire," he said. "It's bizarre."

An autopsy also was proceed to determine the rause of death of the patient. Zowear old Angels. Hernander of Los Angeles, who had been undergoing surgery for injuries suffered in an automobile accident, seid campue apokesworaan Vichi Beck.

It was not immediately known whether Hernander died because of the fire and smoke, her injuries, or a combination of the two.

Hernandez had been taken to the medical center in critical condition after suffering heart and liver injuries in the accident at 11:44 p.m. Sunday in Santa Munica, Beck said.

A team of eight to 10 medical staff members, including doctors and nurses, were performing the surgery when flames engulfed the surgical cloth over the patient, said

"There was a serious attempt by the staff to extinguish the fire," she anid, without being specific about what steps were taken.

The smoke became so bad that the operating room staff members had to leave the room and universi-ty police who had responded to the fire could not get inside the room,

About five minutes after the fire broke out, city fire Department firefighters arms of, but by then the blaze had mostly burned starlf out,

Dear Earth First! Organizer(s),

It has come to our attention that you are an Earth First! fellatio expert and suck dicks in outhouses.

This kind of behavior is to be expected of homos like you, since we have been observing Earth First! freaks like you for some time. Not only have we been watching you but we also know and have distributed your phone number to every organized hate group that could possibly have hostile tendencies toward ilk of your kind. No longer can sleazy fairies like you operate with impunity through the guise of anonymity. We know who you are, where you live, and continue to home in on you... but you don't know who we are. How does it feel, eco-freak, to have the tables turned?

We've also got your "clandestine" publications which detail how to indiscriminately hurt, maim, and kill people who are involved in legitimate, legal activities. Rest assured, eco-freaks, that we shall not be indiscriminate in our actions against the spineless, invertebrate members of Earth First!. To the contrary, we will specifically hunt down each and every member like the homos you really are.

Sincerely,

Committee For The Death of Earth First!
Brought to you by Fed Up Americans for Common Sense

"Summer of disobedience in the woods" sure says it all!! We are all concerned with the Environment, but not to the exdent of <code>EARTH FIRST</code>."

We know the Mendocino Environmental Center in Ukiah does do alot of good things to do with the Environment, just like we do, taking care of the land, helping to see to these matters. I CANNOT believe you are helping and using <code>EARTH FIRST</code>; as they will use you. They are a Terrorist Group who uses terrorists acts and actions, that most of us DO NOT want to be involved with.

"These EARTH FIRST! people are not modern day Robin Hoods whose cause is not the poor of the forest, but the trees themselves; these are violent men and women who engage in acts which could kill fathers in the name of Mother Earth." EARTH FIRST denies their activities have cause injury or death, I guess that doesn't include purning buildings, throwing bombs, spiking trees. As we all know there is a timberman, who will face years of reconstructive surgery—that isn't considered "injury"?? EARTH FIRST does admitte to certain acts of sabotage and "MONKEYWRENCHING", as in "fence cutting??" "Running wires across roads??", and other acts of vandalism. I don't understand your group, how can you be involved with this group. No one can condone—and everyone should condemn—those who use violence to deny American men and women their livelihoods and even their lives WONDER WHAT EARTH FIRST PEOPLE EAT??? It should be FOOD AND LIVE FIRST!!!!

I would really consider being involved with **EARTH FIRST**, you may find yourselves in the same "bracket" as them and TROUBLE. Why don't you call them the name their group is—"ASSHOLES FIRST!!!", because all they will be bringing to your group is their problems and the trouble they are in. There are other concerned people,out here, too!! This is America and we shouldn't feel threatened and singled out. We are watching too!!!!!!

For the obvious reasons, I will leave this unsigned Pretty sad when you can't say what you want, in fear of your family and friends being harrased and even worse, being hurt by these "EARTH FIRST" people, who do use terriost acts of violence and don't think they don't hope and pray, your group is not involved in their underhanded tatics.

MENDOCINO EN VIRONMENTAL CENTER 106 W. STANDLEY UKIAH, Ca 95482

YCU WORT GET A SECOND WARNING

Dear
Earth First! is a terrorist organization founded in 1980 by
Since then this desperate band of misfits,
unable to cope with the social and moral laws of America, has taken to violence and
terrorism to espouse their narrow points of view. The behavior of members of
Earth First! and the response of the public and of law-enforcement officials to these
eco-terrorists by the casting of a conspiracy net about them by the FB12 is
becoming well documented.
Lawless acts by Earth First! members include "guerrilla tactics" "and acts of
sabotage, such as driving long metal spikes into trees" with the intent to seriously
injure people or damage equipment. They are eco-guerrilias, radical
environmentalists who have turned to outrageous and sometimes illegal-tactics in
Their war against those of us who are law-abiding citizens struggling day to day
holding jobs and raising our children. These people, contrary to the positions that
they pose and the lies they tell, are true enemies of all Americans. But Americans
will have their day in court, because "as the militants have grown in ranks and
honed their tactics, law-enforcment officials have intensified the penalties. Arrests
are increasing; suspected eco-guerrillas have been subpoenaed by federal grand juries or surprised by raids on their meetings. 5 Arrested in association with the
Transfer Transfer on a state of the state of
morning the FBI yanked out of bed and charged him with
conspiracy for his part in the terrorist plan. Another, uncharged Earth First!

JOHN 3:16

YOU ARE FILTHY SINNERS . WHORES, LESBIANS, HOMOSEXUALS, JEWS, ABORTIONISTS, PORNOGRAPHERS, EARTH FIRST MEMBERS, PLANNED PARENTHOOD MEMBERS, N.O. W. MEMBERS, NON-Christians, WILL BURN FOREVER IN THE FIRES OF HELL.

JESUS ChriST is LORD AND SAVIOR. God IS MAN. MAN IS God. GOD MADE WOMAN TO HAVE BABIES. GOD MADE WOMAN FOR MAN. GOD MADE WOMAN TO SERVE MAN. GOD MADE MAN TO PROTECT WOMAN. WOMAN MUST OBEY MAN. God MADE ADAM AND EVE, NOT Adam and STEVE. TURN OR BURN. AIDS IS A SIN, NOT A dISEASE.

THE SIN OF AIDS CAUSES dISEASE. God MADE THE EARTH FOR MAN.
God MADE FISH, ANIMALS, TREES, FOR MANS USE. ABORTION IS SIN. ABORTION IS MURDER.

REPENT NOW. PRAISE HIM JESUS IS MAN. THE POPE IS MAN.

God MADE WOMAN UNCLEAN.

peoples is being "selected," shall we say, for annihilation. We are accused of insensitivity if we mention the black plastic garbage bags or saline burning or the intra-uterine dismemberment of gestating human beings. It is more "sensitive" to speak only of the therapeutic removal of "tissue" or "product of conception."

Let us consider these things in quietness before God who sees them all. "O Lord, thou has searched me and known me . . . my frameden from the searched was not hidden from the when I was being made in secret. . Thy eyes beheld my unformed substance; in thy book were written, every one of them, the days that were formed for me, when as yet there was none of them. . . See if there be any wicked way in me, and lead me in the way everlasting." (From Psalm 139)

-Elisabeth Elliot

If you would like to know more about the God who loves you and made you, or if you need help with a problem pregnancy, we will try to put you in touch with someone who can help.

When I Was Being Made in Secret

possibility of life after death. "Hell is a myth," one argued. "How can a God of love condemn His creatures to everlasting punishment?"

His friend nodded in agreement, and the matter seemed to be settled.

The two sat silently for a moment until one of them looked up and said, thoughtfully, "Suppose it is true, after all?"

Suppose it is true after all that Hell exists? Jesus Christ Himself described it as a place of "darkness" and a "furnace of fire" where there shall be "wailing and gnashing of teeth." Some say there is no consciousness after death. But from Christ's words, it's evident that a person in Heli is just as aware of himself and his surroundings as when he was on earth!

The Bible, God's Word, says Hell is an everlasting burning for the punishment of sinners and hypocrites, a bottomless pit where men have no rest, day or night. It's a place where people pray, but their prayers are not heard, where they gnaw their tongues and at the same time curse God. Hell is a place where no one would

I

was eir loved ones to go.7

Suppose it is true after all that God will punish sin? The Bible says, "It is appointed unto men once to die, but after this the judgment."

Suppose it is true after all that we cannot get to Heaven on the basis of good things we've done? The Bible says, "we are all as an unclean thing, and all our righteousnesses are as filthy rags."9

Suppose it is true after all that Jesus Christ is the only Savior? Jesus said, "I am the way, the truth, and the life; no man cometh unto the Father, but by Me." 10

Be assured that. God is holy and must punish sin. But He is also a God of love, "not willing that any should perish." Therefore, He sent His Son to die on the cross for our sins: "God commendeth His love toward us in that, while we were yet sinners, Christ died for us. Much more then, being now justified by His blood, we shall be saved from wrath through Him." 12

But we must first recognize that we have sinned, ask God's forgiveness and receive Christ as our Savior. Then we can have the

LESS the LORD, O my soul: and all that is within me, bless His holy name. Bless the LORD, O my soul, and forget not all His benefits:

Who forgiveth all thine iniquities;
who healeth all thy diseases;
Who redeemeth thy life from destruction;
who crowneth thee with lovingkindness
and tender mercies;

Who satisfieth thy mouth with good things; so that thy youth is renewed like the eagle's.

As far as the east is from the west, so far hath He removed our transgressions from us.

Like as a father pitieth his children:
so the LORD pitieth them that fear Himselfor He knoweth our frame;
He remembereth that we are dust.

As for man, his days are as grass:

as a flower of the field, so he flourisheth.

For the wind passeth over it, and it is gone;
and the place thereof shall know it no more.

But the mercy of the LORD
is from everlasting to everlasting
upon them that fear Him...

Psalm 103:1-5, 12-17a

Praise Him

To know God as the Psalmist did is to exclaim "Bless the LORD, O my soul: and all that is within me, bless His holy name."

When we remember that God forgives our sins, heals our diseases, spares our life and satisfies our deepest needs, we can only lift our voice in praise! Only indifference will quiet this song of thanksgiving.

As we read this psalm, we see that these benefits are not isolated acts, but a continuing shower. God loves, forgives, heals and satisfies—day after day. The awareness of this fills the believer's heart with continuous praise.

Yet this song has an even deeper source. Behind the continuous giving, is a loving, merciful God. He forgives because He is forgiving. He heals, delivers and satisfies because He is love.

God's love and mercy were fully revealed in sending Jesus Christ into our sin-filled world. Here the Son of God brought healing and forgiveness to those who received Him. On the cross He suffered for our sins, that we might know God's blessings.

joy and peace of God's forgiveness, and the assurance that when we die we will be with Christ forever in Heaven.

Have you received Jesus Christ as your Savior? "He that believeth on the Son hath everlasting life; and he that believeth not the Son shall not see life, but the wrath of God abideth on him." 13 The choice is yours.

Robin Sheffield

We can know God's mercy and forgiveness from sin through faith in Jesus Christ. If you have not trusted Jesus Christ as Savior, He invites you now: "If thou shalt confess with thy mouth the Lord Jesus Christ, and shalt believe in thine heart that God hath raised Him from the dead, thou shalt be saved," Romans 10:9.

With the joy of sins forgiven and new life with God, let us exclaim with the Psalmist David "Bless the LORD, O my soul: and all that is within me, bless His holy name."

When I Was Being Made in Secret

Last month I went to a hospital in Mississippi to visit my new grand-daughter Elisabeth. I peered eagerly through the nursery window along with all the other grandmothers and the smug fathers. "Ours" was shown to us by the nurse, a beautiful tiny thing clenching her perfect fists. I gazed as enthralled as though I had never seen a newborn child, as though Elisabeth were the first of her kind ever to appear to mystify and bewitch and melt the soul of a grandmother.

At the back of the nursery I saw some babies who affected me very differently but also very deeply. They were extremely small. A nurse thrust her hands into built-in rubber gloves in the side of an incubator and ever so gently lifted a little creature that looked infinitely more fragile and helpless than our baby, a "preemie" of perhaps two and a half pounds. He was one of several in incubators. As I watched them lying there, eyes bandaged against the heat lamp, moving and oreathing in their plastic poxes, I thought of my Repnew Charles who was just such a baby nine years ago. Born three months early, he was not expected to make it through the first night.

Earnestly prayed for by his parents and many others, cared for continuously by many gentle hands, he survived. Now he's a lively little ninevear-old.

Not long ago I saw a picture which I will never forget: a black plastic garbage bag which contained what was left of the morning's work in one city hospital—four or five babies, some of them

the size of Charles when he was born, some of them larger. They were rejects.

Who is it that makes the "selections"? Who may determine which tiny person is acceptable and may be permitted to be born (and if necessary, hovered over, cradled in a sterile temperature-controlled incubator to assist his survival), and which is unacceptable and may be treated as a cancer or a gangrenous growth and surgically or chemically removed? What perverted vision of "life enhancement" warrants such a choice?

Gloria Steinem appeared on television this morning to speak about what she calls "pro-choice." What she did not say, what no proponent of abortion ever says, is that the choice they defend is the choice to kill people. Babies are people, but the U.S. Supreme Court has decreed that certain people, if they are young enough and helpless enough, may be killed.

It was not always so in America. Let us who claim to accept moral responsibility for refugees and the world's rejects remember that another of earth's

OUR FIRST NINE MONTHS of life were the most eventful you have ever experienced. Here are the major milestones of that life before birth—the first chapter in your own biography:

CONCEPTION: Father's sperm penetrates mother's egg cell. Genetic instructions from parents interact to begin a new and unique individual — no bigger than a grain of sugar.

1st DAY: The first cell divides into two, the two into four, and so on.

5-9 DAYS: The new individual burrows into the wall of the womb. Sex can be determined. 14 DAYS: Mother's menstrual period is suppressed by a hormone produced by her child.

preparing for thumb auching. Every organ is present. The heart beats sturdily. The baby's fingerprints are formed and will never change except for size. 18 DAYS: Heart is forming; eyes developing.

20 DAYS: Foundations of brain, spinal cord and nervous system are laid.

24 DAYS: Heart begins to beat.

28 DAYS: Muscles are developing along the future spine. Arms and legs are budding.

30 DAYS: Child has grown 10,000 times to 6-7mm. (¼ in.) long. Brain has human proportions. Blood flows in veins (but stays separate from mother's blood).

35 DAYS: Pituitary gland in brain is forming. Mouth, ears and nose are taking shape.

40 DAYS: Heart's energy output is 20 percent of adult's.

42 DAYS: Skeleton is formed. Brain coordinates movement of muscles and organs. Reflex responses have begun: Penis is forming in boys. (Mother musses second period.)

43 DAYS: Brain waves can be recorded.

45 DAYS: Spontaneous movements have begun. Buds of milk teeth have appeared.

7 WEEKS: Lips are sensitive to touch. Ears may resemble family pattern.

■ WEEKS: Child is well-proportioned, smallscale baby, 3cm. (1½ in.) sitting up and a gram (½ oz.) in weight. Every organ is present. Heart beats sturdily. Stomach produces digestive juices. Liver makes blood cells. Kidneys begin to function. Taste buds are forming.

9 WEEKS: Child will bend fingers around an object placed in the palm. Thumb sucking occurs. Fingernails are forming.

10 WEEKS: Body is sensitive to touch. Child squints, swallows and frowns.

11 WEEKS: Baby urinates, makes complex facial expressions — even smiles.

12 WEEKS: Vigorous activity shows distinct individuality. Child can kick, turn feet, curl and fan toes, make a fist, move thumbs, bend wrists, turn head, open mouth and press lips tightly together. Breathing is practiced.

13 WEEKS: Face is prettier, facial expressions resembling parents'. Movements are graceful. Vocal cords are formed (but without air baby cannot cry). Sex of ans are apparent.

4 MONTHS: Child can grasp with hands, swim and turn somersaults.

4-5 MONTHS: Mother senses movements.

5 MONTHS: Sleeping habits appear. Child responds to sounds in frequencies too high or low for adults to hear.

6 MONTHS: Fine hair grows on eyebrows and head. Eyelash fringe appears. Weight is about 640g. (1 lb. 60z..) and height 23cm. (9 in.). Babies born at this age have survived.

7 MONTHS: Eye teeth are present. Eyelids

5 months This baby, if bum prematurely, has a guod chanoe of survival with sufficient medical care. He is sensitive to sounds and is comforted by his mother's woice. He reacts sharply to pain.

open and close, eyes look around. Hands grip strongly. Mother's voice is recoveringly.

MONTHS: Weight increases by 1kg. (over 2lbs.) and baby's quarters get cramped.

9 MONTHS: Child triggers labor and birth occurs, usually 255-275 days after conception. Of 45 generations of cell divisions before adulthood, 41 have already taken place.

Adapted from "Milestones of Early Life" by permission of Heritage House 76, Inc. The milestones listed above have been documented by scientific research. Slight variations of hours or days may exist and future research may show that some milestones occur earlier than is now realized.

"If Someone Had Only Told Me..."

women faced with an unwanted pregare told of the marvelous development life growing within them. In their ignorance, abortion seems to be the right decision at the moment. But they are not warned of what will really happen to their baby or of the possible physical and psychological effects of abortion which may stay with them the rest of their lives. And they are rarely told of the alternatives to save the life of their child.

Some doctors say that abortion is a routine operation to remove "fetal tissue." But in truth, it is the destruction of a living human being. They do not tell the patient the cruel truth that the fragile life within her may be torn to pieces and sucked into a jar, or poisoned by a strong sall solution, or perhaps born alive and allowed to die by neglect or sometimes killed by a direct act.

One young woman, who later regretted an abortion, stated, "The doctor said, 'a little fluid out and some fluid injected, severe cramps, then the fetus is expelled.' That isn't when was. I felt my girl thrash around for an had a half 'til she died a slow death."

mother is also exposed to long-term complications. Incomplete abortion resulting in blood clotting, bleeding, hemmorhage, and infections are not uncommon. Menstrual dis-

turbance, miscarriage, tubal pregnancies and sterility are always risks and tend to multiply with successive abortions.

Cervical lacerations and uterine perforation can result from suction and D&C procedures. Convulsions, severe vomiting and diarrhea are common with prostaglandin abortion. Cardiac arrests and maternal deaths have also been reported.

Long-term psychological and spiritual effects, which are now just beginning to be seriously studied, include guilt, anxiety, depression, anger, sense of loss, nightmares, death scenes, deterioration of self-image and even suicide.

A Life-Giving Alternative

But there is hope for both the mother and the child. If you have a problem pregnancy, we want you to know that you are not alone. God cares for you and the unborn child growing within you. He knew you before you were even born: "O, Lord, Thou hast searched me, and known me . . . My substance was not hidden from Thee, when I was made in secret . . and in Thy book all my members were written . . . when as yet there was none of them." (from Psalm 139)

God wants to bring life—not death—out of your difficult situation. He has already provided lifelines to help you. Support is available to help

you care for your child or to provide a childless couple with a baby. Financial aid, emotional support, medical services, and most important, a future free of guilt and full of hope for you and your unborn child are yours for the asking.

Choose life today. You can call the following national 24 hour toll-free number. You have friends waiting to help you at: 1-MLB-E-T-H-A-N-Y. Or you can phone "information" and ask for a Right-to-Life or Birthright group near you.

7KOS for higher Circum Mirsture, please since to the address before Good News Publishers / a nonprofit corporation 9825 W. Roosevelt Rd. / Westcheeler, IL 80153

The following investigation was conducted by SA at Willits, California:

On July 30, 1990, was asked if there was any group organized to counter the activities of Earth First. He replied that he has heard there is a pro timber industry group in Humboldt County which is reported to have issued some letters as if coming from the Earth First organization. He furnished the name as someone associated with this group.

THE CONKESTION WHICH CASCU ZIKHINIcantly about a half-hour after the demonstration was schedu.

The Willits action was significant for local activists who have worked toward keeping lines of communication open with the core of Redwood Summer organizers. Saturday's action was a surprise to local law enforcement until Friday, due to a communication breakdown between Willits and Laytonville, Naomi Wagner of the Sherwood Forest protection coalition said it is these kinds of mixups the local group wants to prevent.

There were no acts of civil disobedience and no arrests on Saturday or Monday when about 100 people picketed the mills.

On Monday a group of about 75 people, many of whom were women and children, gathered in yellow tee shirts in a counterprotest in front of the Louisiana-Pacific mill in Calpella. Counterdemonstrators also carried signs, these proclaiming "It's O.K. to be a logger," and "Families First."

'It shaped up as a shouting match until people went across the street and started talking," commented Dan Hibshman, a Redwood Summer supporter. "Personally I thought it was a lot better when people started talking than to shout slogans across a hot road."

Darryl Cherney was at the center of Monday's protest, this time

going through training elsewhere. These who participate in Redwood mer protests have been asked sign a commitment to nonviolence. So far demonstrations have been very public, with police notification and few actions of

Woman charges FBI with narrow investigation

Attorneys who viewed Judy Bari's car and analyzed her iniuries have prompted the Oakland Police Department and the FBI to admit the bomb exploded under the activist's seat, not behind it.

However, investigators are still trying to link the bomb with Bari and fellow Earth First! member Darryl Cherney in their analysis of nails, typewriter keys and ribbons and other evidence found at their homes and in their vehicles.

"Police lied when they said the bomb was behind the seat," demands Richard Johnson, publisher of The Environmentalist newspaper. "They lied in order to get a court order to search Judy Bari and Darryl Cherney's homes."

Johnson released medical information which Bari's friends and attorney obtained in order to combat any charges which may be officially filed in the case. Cherney is currently free on bail after being arrested for suspicion of possessing and transporting an explosive device. Evidence presented in court twice since the bombing has been insufficient to file formal charges, however. Police are hoping to present enough evidence on July 18 during arraignment of Cherney and Bari to secure the charges.

Bari remains in Oakland's Highland Hospital with extensive injuries to the pelvis and tail bone, and will be arraigned in absentia.

Bari's friend, Anna Marie Stenberg, says it has become "very clear that (investigators) are not looking into any other scenario," than the possibility that Bari and Cherney were either transporting the bomb or planted it as a martyr technique. She said the possibility that a known religious fanatic in Mendocino County had written a letter signed by, "The Lord's Avenger" to the Press Democrat has not been researched, and others, including herself, with information about the case have not been interviewed. Stenberg said that the Saturday after the bombing, Oakland Police refused to take a statement from her concerning possible suspects and motives.

"I was at the meeting in Willits where the Lord's Avenger said he planted a bomb in Judy's car, and as of five weeks after the bombing, no one who attended that meeting has been contacted,"

Stenberg said.

"I have information that I believe will help solve this case, and I have asked the Attorney General's office to do an independent investigation. I won't at this point cooperate with the FBI or the Oakland Police because it has become so clear they are only trying to blame the victims."

Stenberg said she has been with Bari, still in severe pain and facing a long recovery from her injuries, and after massaging her said there were no injuries to her back that would indicate the bomb

was behind her seat.

Willits Police Chief Bob Foster said he is leaning toward opening his own investigation of the case because Willits has been implicated, but he is waiting to hear from the FBI so he may use some of the evidence they have in conducting his own investigation.

Timber cut slowed by Department of Forestry

then he and Chief FOSTER stated the only two individuals in the area known to them with either military and/or a reputation of being able to construct a device were (phonetic) of either

Redwood Valley or Potters Valley.

Chief FOSTER also stated that his department has not received any reports of violence or threats of violence directed toward any Earth First members, supports, and/or like-minded environmental activists, adding that a threat may have been reported to the Ukiah Police Department or the Mendocino County Sheriff's Office.

Chief FOSTER was then asked if the WPD had received any reports of sabotage or vandalism to any of the equipment owned and/or operated by loggers/truckers.

Chief FOSTER stated that his department had not received any reports of sabotage, damage or vandalism due to "monkey wrenching", adding that he believes that any such damage which may have occurred to truckers/loggers in the Willits area has gone unreported and in all likelihood would have been repaired by the victims themselves.

Chief FOSTER was then asked if he had any suspicions as to who the "Lord's Avenger" may be and whether his department kept letters sent to them from various citizens.

Chief FOSTER replied he did not know who the Lord's Avenger might be but added there was one individual (name not recalled) about whom he had relayed information to the Santa Rosa Office of the FBI and believes that that office was looking into the mater. Chief FOSTER stated further that he has received some letters from a known individual but that these letters were not laced with religious statements and the Chief was going to make these letters available to the Santa Rosa Office of the FBI. Chief FOSTER was then asked if he knew who operated in Fort Bragg.

Chief FOSTER acknowledged knowing
stating she is a very intelligent and articulate individual, who

The following investigation was conducted at Ukiah, California by SA
On July 23, 1990, Detective Department, advised that a pipe bomb had been located at 1112 Elm Street, Ukiah. requested assistance in determining the make up of the device.
Detectives , Ukiah Police Department, advised that they responded to 1112 Elm Street, Ukiah, where they met a number of individuals who indicated that the device which had been reported as a bomb was actually a package which was completely safe and belonged to them. No one would indicate who found the device. a white female, acting as a spokeswoman, advised that an individual staying at the residence spotted what appeared to be a pipe bomb in a paper bag inside the residence. This individual placed the bag containing the device outside in the front yard. The individual then contacted the Environmental Center in Ukiah who reported the incident to the Ukiah Police Department.
Thereafter, someone from the Environmental Center advised that it was not a bomb and furnished a telephone number to reach the owner of the residence, at the Unicorn School. advised that the device was an example of the bomb that detonated under JUDI BARI's car seat. said that this device was made for a press conference in which it would be shown how the bomb could be placed under the seat of BARI's car. said that the device was two inch galvanized pipe, capped at both ends and was empty. went on to say that the press conference was canceled and she was going to return the pipe to the hardware store.
The residence was evacuated, searched for additional devices, and the device was seized as possible evidence.
advised that one of the individuals he spoke to at the Environmental Center was

AT SANTA ROSA, CALIFORNIA

A survey of items carried by the Home Club, Incorporated, 2001 Sebastopol Road, Santa Rosa, California, telephone number 707-526-6000, determined they carry the following items: 2" by 12" pipe nipples; 1-1/2" by 8" pipe nipples. Examination of the price stickers on the items disclosed they are furnished Home Club by Wami, Valencia, California, and Waxman Industries, city unknown. Also in stock were 1-1/2" and 2" end caps, furnished by Wami of Valencia, California, and Waxman Industries, with stampings on individual end caps indicating they were made in Thailand and Korea. Some of the 1-1/2" end caps had the outline of a bell on them and others had what appeared to be company symbols.

Home Club carries duct tape, manufactured by Polyken Technologies, Consumer Products Group, Westwood, Massachusetts, and duct tape, "Tough Stuff" brand, manufactured by a division of Kendall Corporation. They also carried Action brand tape, manufactured by National Tape Corporation, New Orleans, Louisiana, which was 50 centimeters wide, while the other two duct tapes were 50.8 centimeters wide.

Home Club carries Leviton toggle switches, both ivory and brown, as well as Leviton brand porcelain light sockets. A review of the light sockets determined all of them were round and no square ones were in stock.

Home Club's nails are all pre-packaged and are not sold in bulk.

AT GUERNEVILLE, CALIFORNIA:

A review of the merchandise handled by the Russian River Hardware Store, 15320 River Road, Guerneville, California, telephone 707-887-2201, determined they had 1-1/2" and 2" pipe nipples in stock as well as 1-1/2" end caps. The end caps were marked with a symbol of the "SA" Company and either a bottle or a gourd shaped symbol of a company in Thailand. Duct tape, carried by Russian River Hardware, is manufactured by the United Tape Company, P.O. Box 1860, Cumming, Georgia, and it is listed as being 50 millimeters wide. The light switches available at Russian River Hardware were manufactured by Leviton and by Eagle. Proprietor of the Russian River Hardware advised he obtains most of his electrical supplies from Amfac Electric Supply Company, 2049 West Steele Lane, Santa Rosa, and through Eagle Distributing Company in Santa Rosa, located on Maxwell Court.

A sample of the finishing nails sold by Russian River Hardware was obtained.

AT SANTA ROSA, CALIFORNIA

A survey was made of the merchandise by the True Value of Larkfield, 490 Larkfield Center, Santa Rosa, California, telephone 707-545-8380, and it was determined that True Value had 1-1/2" by 8" and 1-1/2" by 10" pipe nipples in stock; however, there were no 2" pipe nipples in stock. They did have in stock both 1-1/2" and 2" end caps; the 1-1/2" end caps carried no markings whatsoever. The 2" end caps were made in Thailand and in Mexico. The Thailand end caps were marked with the number 2 and with the SA brand. The end caps manufactured in Mexico were marked with a company logo consisting of the letters HM enclosed inside a diamond. This store carried Leviton brand light switches, both brown and ivory in color, as well as white Eagle brand switches and brown switches manufactured in Mexico, labelled G.E. CO.

The store carried Tuck brand duct tape, manufactured in New Rochelle, New York 10801, and was labelled as being 50.8 centimeters wide.

A sampling of the finishing nails carried by True Value Hardware were obtained.

AT SANTA ROSA, CALIFORNIA

A survey of the merchandise handled by the Long's Drug Store, 2075 Mendocino Avenue, Santa Rosa, California, 707-542-4480, determined Long's carries GE brand light switches, manufactured in Mexico, including item GE5941-11D, which was brown, and GE item 5013-21D, which was ivory.

They also carry a one gallon gas can, labelled as tip resistant with a red plastic cap with an integral filler neck, manufactured by Hunter Containers, P.O. Box 706, Vernalis, California 95385.

Long's had in stock several Bullseye and Scotty pocket watches.

Long's carries Tartan Utility Duct Tape, manufactured by Home Products Division of 3M, St. Paul, Minnesota, as well as Nashua Duct Tape, manufactured in Watervliet, New York.

AT SANTA ROSA, CALIFORNIA

A check of Yardbirds, located at 2360 Mendocino Avenue, Santa Rosa, telephone 707-546-5662, determined they handle Leviton light switches with the ivory switches batch number listed in yellow print on the side as being "ClOB". The brown Leviton switches had the batch number printed on the side as being "F36B". Yardbirds carries the round Leviton lamp porcelain bases.

Yardbirds handles Tough Stuff brand duct tape in two grades, the professional grade, item number 992046, and the all purpose grade, number 992048, both of which were labelled as being 50.8 millimeters wide.

Yardbirds had 1-1/2" and 2" end caps in stock as well as multiple links of 1-1/2" pipe nipples. The longest 2" pipe nipple was 6" long. The 2" end caps were manufactured in Thailand and appeared to be the bottle or gourd brand and the 1-1/2" end caps were marked with a company logo of what appears to be two small Fs enclosed inside a diamond.

Yardbirds sells Safeguard Tip-Resistant gas cans, the one gallon size, with the red plastic caps with built-in filler neck, manufactured by Hunter Containers, P.O. Box 706, Vernalis, California 95385. A sample of the bulk finishing nails carried by Yardbirds was obtained.

AT SANTA ROSA, CALIFORNIA

A survey of the merchandise handled by the Forman's Plumbing and Electric Supplies, 116 College Avenue, Santa Rosa, telephone 707-545-1640, determined Forman's handles 2" by 12" pipe nipples and 1-1/2" by 8" pipe nipples, however, there were no 8" pipe nipples in stock. The 1-1/2" end caps in stock were manufactured in Thailand and the 2" end caps in stock were manufactured in Thailand under the SA brand as well as the gourd or bottle brand. Light switches handled by Forman's were made in Mexico and carried the stamping G.E. Company and some of them had yellow price stickers on the back side of the switch and others had blue and white price stickers on the back of the switch. Forman's also carried Leviton light switches and Leviton porcelain bases, but only round ones. Forman's handles Tartan brand Duct Tape and Ace Hardware brand Duct Tape.

AT MONTE RIO, CALIFORNIA

A survey of the merchandise handled by the Monte Rio Hardware Store, 20301 Highway 116, Monte Rio, California, telephone 707-865-2104, determined they had 1-1/2" by 8" pipe

nipples in stock, however, no 2" pipe nipples. They had 1-1/2" end caps manufactured in Mexico with the stamping of the manufacturer, consisting of the letters HM enclosed in a diamond, as well as other end caps made in Taiwan with the bottle brand stamp. They also had 2" end caps manufactured in Mexico under the same brand as the 1-1/2". The only light switches carried were the pre-packaged Leviton brand and not the cheaper Leviton brands which are available elsewhere. They handled Manco Duck brand Duct Tape, manufactured by Manco, Incorporated, 2040 West 110th Street, Cleveland, Ohio, and was labelled as being 50.8 centimeters wide. Samples of the nails carried by Monte Rio Hardware were obtained.

AT FORESTVILLE, CALIFORNIA

A survey of the items carried by the Ideal Hardware, 62631 Front Street, Forestville, California, telephone 707-887-7561 determined they do not have any pipe nipples or end caps readily available to the public. They carry Eagle brand light switches in both ivory and brown and carry Nashua brand duct tape, manufactured in Watervliet, New York.

AT FORESTVILLE, CALIFORNIA

A survey of the items carried by Dada Hardware, 15600 River Road, Forestville, California, telephone 707-869-2832, determined they carry the Leviton ivory light switch number H39B as well as the Eagle brand ivory light switch. They carry the Tuck brand Duct Tape, manufactured in New Rochelle, New York 10801. They had both 1-1/2" and 2" pipe nipples in stock, as well as 1-1/2" and 2" end caps. The 2" end caps carried were manufactured by the SA brand in Thailand as well as Stockham brand. The 1-1/2" caps carried the SA brand.

The following investigation was conducted by Special
Agent
AT SAN FRANCISCO, CALIFORNIA:
On June 24, 1991, in response to a message left on June 20, 1991, was telephonically contacted at his office, Save the Redwoods League, 114 Samson Street, Number 605, San Francisco, telephone number was advised of the identity of the contacting Agent after which he stated his office had received a flyer allegedly from Earth 1st on April 8, 1991. stated that he was unsure how the flyer was received as it contained his office address but no stamp.
stated that he would mail the original flyer to the San Francisco office.
On June 25, 1991, the above mentioned flyer was received at the San Francisco office at which time it was placed in a 1A envelope for submission to the file.
A Xerox copy of the above referenced flyer is attached herewith to this report.

SAVE THE REDWOODS LEAGUE

Dear Thank you for your letter I am surprised that any purchases of old-growth "should adjoin the existing parks in the Fel River District." The dense, high-ridge-top-forest now being destroyed by PALCO are not adjacent to parts, in most cases, yet are so chotted with wildlife and so very unprecedented (there are no forests little these now in Preservation) that their purchase regardless of whether the stands ever were visited by Humansis imperative.

I am fully aware of the degree of defrestation in California.

I was born and raised in (our)

Guerneville, Sinoma County, where at one time stood what was perhaps. the most impressive stand of virgin forest anywhere in the world. During the 1860s-80s my great-grandfather and his brother milled trees on the Russian River, in Monte Rio. I am aware that GP, LP, Arcata Redwood, Simpson and others have and continue

to clear-cut old-growth. Today such actions are criminal and should be treated as such.

I have great admiration for the work done by Save-the-Redwoods League. But I think we must remember that old-growth preservation need not be done solely to provide human leisure areas, and that all entities working to save the virgin forests should pour energies into tegislating a ban on logging them. Thank you,

1990 Fores. Initiative Needs You

This is the best environmental initiative ever! No wonder the demicrats are sevantiling to obser a watered down alternative. It would specifically pricet cld growth sovests, mandate sustainable screetly practices, ban clearcuting, discourage log exports and resorm the currupt Calis. Board of Forestry. Is you want to help gather signatures beginning Jan. 5. call (415) 8243841

Also, Audiben, Sierra Club, et al. have adopted a wait and see attitude at a time when this small, grassroots essort needs their support the most. Call them and tell them that environmentalists want this initiative.

actions an initiative on the ballot costs a lot of money. Donations, any size, to:

FORESTS FOREVER P.O. BOX 411233 SAN FRANCISCO, CA 94141

> San Francisco 94141

Redwood Action Blitz

Congress Awakens EPIC Sues

With the last virgin redwood forest about to fall, Congress is stirring from its slumber. Rep. 10 of Alameda County has introduced a bill to make Headwaters Forest a "study area" for Wild and Scenic River designation. This would create a lengthy moratorium, at least, on logging in the area. Unfortunately, Congress is out of session until late January, and the trees could fall by then. But this bill's introduction provides solid ammunition for the inevitable court case which will follow the logging plans' approval on Dec. 14.

Speaking of court, it seems likely that the Sierra Club will join EPIC of Garberville in suing on the Head-waters Forest logging plans. So why all the preparation for forest defense and demonstration plans? Because the judge may not grant an injunction to stop the logging, and we're not going to be caught flatfooted in the face of forest obliteration: One of the main purposes of bureaucratic & legal red tape is to lull the public into complacency.

An Independent monthly newspaper for North Western California...

Vol. 7 No. 5

June 1990

Welcome to Redwood Summer!

Welcome. You are passing through the "Redwood Curtain", and into one of the most beautiful zones you will find. We can't teli by looking at you if you're a tourist or an activist, so we welcome you all, with our warmest greetings and hospitality.

You are a guest here, a visitor to our home. We hope you'll appreciate that, and tread lightly on our garden paradise. As a tourist, we encourage you to enjoy yourself while supporting our local economy. As an activist, we encourage you to do the same. Greet our storekeepers and clerks with smiles and friendly talk, and the same will come to you. It our "country ways" that lead to such openness, and you will find it a surprising relief from the cold haste of some cities...

The success of Redwood Summer is up to all of us. We pledge ourselves to peace, and are praying that all our neighbors, regardless of "sides", and all our quests

Climbed ine Bridge

done more to destroy the earth than in any other time in history.

Our banner asked the people to defend ancient forests, forests which are being devastated at an astounding pace in our own state by large, money-hungry companies who have no concern for the valuable ecosystems they are annihilating. Our banner also plead for an end to our extravagant use of fossil fuels which is directly responsible for the greenhouse effect which we are now experiencing.

Humans have put themselves first for too long, depleting the earth's resources and desecrating the planet with our garbage and toxic waste which, ironically, is now beginning to kill us as it invades our water systems and eats away at the ozone layer. We have been waging war on the earth, and thus on ourselves. Now is the time for us to put our needs aside and to recognize the urgency of the environmental crisis we have created. No compromises in the defense of Mother Earth. Earth First! --Jennifer Grant, Redway, CA

As one of the thirteen people arrested on April 24 for attempting to hang a banner on the Golden Gate Bridge, I want to clarify the purpose of our action, which was a nonviolent effort to express the urgency of our message to the public. The banner called upon the people to "Save This Planet." It is too late for us to place our needs ahead of the earth's needs. This planet is dying because of excessive human consumption. We have to make major changes in our use of natural resources. Recycling is necessary but only a token step. Earth Day organizers provided a number of useful suggestions about how we can live without exploiting the earth as much as we do now but they

did not go far enough; how could they when they were completely coopted by corporate sponsors like PGSE, Dow Chemical and Chevron who have been the most blatant abusers of this planet. These are exactly the people who we need to be protecting the earth from.

The proposals made by groups participating in Earth Day if put to use by the public, not one day but 365 days a year, may help the environment, but unless we take more radical steps to decrease our consumption level and protect the earth from corporate greed we will not be able to save this planet; perhaps only allow ourselves to watch it die more slowly as we do our "20 things to make a greener world" while continuing to consume its resources at an exorbitant rate. The World Watch Institute in Washington D.C. recently reported that in the two decades since the first Earth Day in 19/0 we have

Making the Banner

(This poem was written during the creation of the banner...)

The frustration of seeing a need, a reason for change blatantly necessary, unmistakeably good--put on hold until it may be too late. Who brings us into crisis, abandoning nature and thus ourselves. Separated from the earth, unbalanced and yearning we search for a meaning, hoping to find an answer on a shelf, in a box, through a cause--never understanding the need to stop, find a way . the simplest path to oneself, and learn to take part in life -the personal, the natural becoming one, whole and complete, responsible to each other and caring.

Crouched on the floor
we sewed, stitching piece
by piece into the web
as it became our banner
calling out beyond those doors
absorbing the visions
of those who sewed, their hearts
willing its message
in their stitching, asking
for the release
of the human compassion
which could allow the earth
to survive - allow us to live
free on a planet joined
by faith in the natural - process of creation.

on 8/22/90,
were contacted at the Patific Lumber Company (PALCA)

reging facility at which time they were advised of the identity of the contacting Agent and the nature of the interview. The following information was furnished:

In about February, 1990, a flyer was received stating that a section of PALCO timber had been spiked. Later, a card about 5" x 7" was found on the seat of a grader on road 11 in the Boulder Creek area. These documents were turned over to in the PALCO Headquarters in Scotia.

It was observation that CHERNEY had changed

It was observation that CHERNEY had changed considerably in the last few months. Lately he has not been as vocal or as pushy as he was in the past. In general, he is acting very mellow.

The following investigation was conducted by SA at Garberville, California:

b6 b7C

On 8/22/90, contact at the public library, Garberville, California determined that there was no typewriter available for public use. It was noted, however, that an old Royal typewriter was located at the front desk.

A discreet search for sample typing, to include the index file, failed to locate any typing of interest. It is not known if the typing in the card file originated from the typewriter at the front desk.
